OKCPS and ASVAB Edge Academy Strategic Alignment

For Oklahoma City Public Schools (OKCPS), graduating 'enlistment-ready' students is a core component of the district's Future Driven 2030 strategic plan. This plan aims to ensure every graduate is prepared to pursue one of the '3 Es': gainful employment, enlistment in the military, or enrollment in higher education.

Our Pilot ASVAB Test Prep Bootcamp at Frederick Douglass High School directly supports the enlistment pillar by systematically increasing the eligibility and readiness of JROTC cadets for military service.
